Computer TTYs

Compact/C wireless TTY calling

Item	Description	Photo Click to enlarge	Price
Intele-Modem WB-IM	Intele-Modem Turns your computer into a TTY		Intele-Modem \$329.00
Extras 25-pin Cable WB-IMC	The Intele-Modem can turn your personal computer into a TTY. It automatically switches between ASCII computer code and Baudot TTY code, allowing you to communicate with people using various types of TTYs and computers. It directly connects to your phone line and detects dial tones, rings, or busy signals. The Intele-Modem works with standard communications software on your computer.		Extras Adapter \$20.00
Replacement Adapter WB-IMA	<ul style="list-style-type: none"> • Automatically distinguishes between ASCII and Baudot calls • Direct connect (with 2 jacks) to standard telephone line • Lights on front panel indicate current operating mode and line status • Provides call progress monitoring (detects dial tone, ring, or busy signal) • IBM & Macintosh compatible • Includes phone line cord and power supply • 110/300 baud (ASCII) 45/50 baud (Baudot) • 1-year limited warranty • Works with communication software on your computer (not provided with Modem) 	Cable \$29.00

Non-Printing TTYs

Whether you need a basic model or something with advanced features, you'll find the best options in a non-printing TTY here

[← Back to TTYs](#)

Item	Description	Photo Click to enlarge	Price
Minicom IV WB-MCIV	Minicom IV A basic TTY affordable and easy to use		Minicom IV \$239.00
Printer Cable WB-MCIVPC	This basic TTY is affordable and easy to use. It has an easy-touch keyboard with a bright, tilted 20-character display for hours of comfortable use. Minicom IV includes a printer port to connect an external printer. Turbo Code lets you enjoy "real-time" conversations with other Turbo Code TTYs. Auto ID lets everyone you call know you are using a TTY. Available options include an extended warranty, a dust cover and a soft carrying case. For basic communication features in a reliable TTY, Minicom IV is right for you.		Printer Cable \$29.00
Soft Carrying Case WB-MCIVCC			Soft Case \$19.95
Dust Cover WB-MCIVDC			Click for Features
Supercom 4400 WB-SC4400	Supercom 4400 A basic TTY affordable and easy to use		Supercom 4400 \$339.00
Supercom 4400 w ASCII Code WB-SC4400A	Power-packed with advanced capabilities, the Supercom 4400 is the most sophisticated non-printing TTY. Save and review conversations, Auto-Answer messages, and memos in its 32k memory. Store hundreds of telephone numbers by name - the Supercom 4400 can dial for you! Its User-programmable Relay Voice Announcer tells people they have reached a TTY, and asks them to use a TTY or dial relay. It even tells them the relay phone number that you have entered.		4400 w ASCII \$388.95

Uniphone 1140
WB-UP1140

Uniphone

Combines a telephone, TTY, & amplified phone all in one

Printer Cable
WB-UP1140PC

A full-featured TTY, the Uniphone includes a bright 2-line display and a comfortable keyboard to make TTY conversations easy. Its modern, attractive design complements any room or office.

Replacement Adapter
WB-UP1140RA

It is perfect for making Voice Carry Over (VCO) calls. With VCO, you speak directly to the other person and read their typed responses on the display. VCO calls can be made through a toll-free relay service, or directly between Uniphone users for absolute privacy. In a similar way, people who can hear but cannot speak can make Hearing Carry Over (HCO) calls.

[Superprint Pro80 Pro80 WB-SPP80](#)

Superprint Pro80 Series

Feature packed TTYs with [E-Turbo Technology](#)

Options:

- Superprint Pro80
- Superprint Pro80 with ASCII code
- Superprint Pro80 LVD (built-in Large Visual Display)
- Superprint Pro80 LVD with ASCII code
- Superprint Pro80 GOLD (2-line, 80 character display)
- Superprint Pro80 GOLD with ASCII code

Maximize your conversations with the deluxe Superprint Pro80. This state-of-the-art TTY has a built-in, 80-column printer that uses standard-sized (8 1/2" wide) thermal paper. You'll enjoy typing comfortably on the Superprint Pro80's full-size computer style keyboard. Convenient "one touch" function keys simplify everything from dialing your relay service to calling for help in an emergency. And, for the first time ever in a TTY, Caller ID* capability is included.

This top-of-the-line TTY includes all the advanced features such as Auto-Answer to take messages for you, a full dialing directory to make calling fast and easy, and 32k memory to store conversations, memos, and Caller ID information. Plus, Turbo Code is included for more natural conversations with interrupt capability.

Choose from 3 different display screens for easiest reading:

- **Superprint Pro80:** A 1-line, 32-character display.
- **Superprint Pro80 LVD:** A 1-line, 20-character display with easy-to-see, 1/2-inch-tall letters.
- **Superprint Pro80 Gold:** A 2-line, 80-character display.
