### Learn More about Words

Different activities to practice and reinforce reading and spelling skills

For ages 5 to 9, but can be successfully used with older learners who need extra practice.

- Fill in missing letters from the alphabet
- Select the correct word for pictures
- Type in or select from the screen the correct letters to spell the word shown in the picture
- Finally the words are presented in Word Search and Crossword layouts
- All activities have 3 levels of difficulty
- The Learn More Toolkit (included) allows you to edit the wordlist.
- Add words, delete them or re-assign difficulty levels.
- Attach different pictures or sound files to words and even create your own new wordlists.

### SwitchIt! Maker 2

SwitchIt! Maker 2 will turn your text, images, movies and sounds into simple on-screen activities that are automatically accessible using a mouse, whiteboard, touch monitor, keyboard or switches. Make talking books starring your pupils, or a slide show of a recent trip. Put that digital camera to good use! Especially designed so that children can make activities as part of a lesson. Operated with 1 or 2 switches, mouse, IntelliKeys, or touchscreen.

## SwitchIt! Series

Fun and interesting games to help switch skills

Use a switch to build the elements of an action scene. A final press sets an animated reward going. Configurable options for the number of key presses, switch settings and which activities are displayed. Save your settings and reload later. A two switch option allows for turn taking. Makes wide use of sound and animation to promote motivation.

A second set of improved SwitchIt! titles too - programs with extra muscle and more directly linked to the curriculum.
