

Adaptive Positioning Access

Lightweight, durable and practical PVC kits come complete with pre-cut pieces, joints and assembly instructions.

No special equipment or tools required. Use of PVC cement is optional and not included in kits.

Item	Description	Photo	Price
AI-SS	<p>Switch Stand</p> <ul style="list-style-type: none"> • Ideal for children who more easily access a switch using a forward or sideways motion • Velcro is used to attach a switch to the stand • Compatible with Big Red and Big Mack AbleNet switches 		\$8.00
AI-SBE	<p>Tabletop Songboard Easel</p> <ul style="list-style-type: none"> • The song boards in AIMEE Solutions Take and Teach Language Kits may be reduced in size and assembled on a legal-size file folder. • This stand is designed to be used on a table-top with the smaller song boards. 		\$15.00
AI-SBBE	<p>Songboard and Book Easel</p> <ul style="list-style-type: none"> • Lightweight, portable, collapsible - the top part of the easel holds a standard songboard (22" X 22"), which is attached to the easel with Velcro • Brackets extend from the middle section of the songboard, providing a place to display a standard-size book (including Take and Teach books assembled in a 3-ring binder), giving the instructor 2 free hands to assist students, manipulate objects or picture cues, etc. • Height of both displays works well with young children and those in wheelchairs • Songboard easel may also be assembled without the book rest brackets and tall legs, enabling use on a table-top 		\$30.00
AI-SWT	<p>Sand and Water Table</p> <ul style="list-style-type: none"> • Children in pediatric wheelchairs can participate alongside their mobile peers when they pull alongside the table and easily reach into the play area • Play area is a standard-size plastic storage bin that can be filled with sand, water, rice, beans . . . use your imagination! • The bin is easily removable for quick clean up and may be covered for storage • Consider purchasing extra bins - keep different materials in each - switch the entire bin to instantly create a new play activity 		\$50.00

AI-BDC Bead Chain

\$15.00

- Light and sunshine reflect off the colored beads, stimulating touching, reaching, and interaction while providing interesting tactile input
- Use as a "curtain" through which battery-operated toys can appear and disappear - a fun activity which also develops the concept of object permanence
