Getting Real Program

A comprehensive academic curriculum for students with cognitive disabilities, grades 7 — adult
Grades 7 - adult

\$99.00

Getting Real Program is a comprehensive academic curriculum for students with cognitive disabilities, grades 7 — adult. The pre-test, instruction and post-test sequence is ideal for IEP success. The 120 daily worksheets are linked to the tests and provide long-term relevant instruction in language arts, math and life skills. Developed by Debbie Semple and Shelia Lechler and implemented in their classroom for 15 years, the program emphasizes functional skills that can be used everyday, like money, time, survival words, check writing, following a calendar

and dozens more. Worksheets and tests can be photocopied or printed from the CD-ROM. Spiral bound book, 325 pgs., includes a Win/Mac CD with printable PDF, 2004. Supplement with [Getting Real Manipulatives](#).

Real World Picture Words Curriculum

**A step-by-step
way to help
students with
limited or no
reading skills
learn 200 words**

Based on the popular software, each of the six curriculum programs provides a step-by-step way to help students with limited or no reading skills learn 200 words.

Designed to complement Real-World Picture Words Activity Cards. Each 102-page curriculum includes

suggestions, and
assessment tools.
Each of the 200
picture words are
illustrated, defined,
and used in simple
sentences. The
words are taught in
groups of five to
increase both
comprehension and
retention.

HOW THE CURRICULUM

WORKS Words are
taught using a two-
page teaching
guide. One sheet
has a reproducible
activity page for the
students to use for
reference. The
other sheet is a
lesson plan for
teaching those five
words. The lesson
plan includes a
systematic way to
help students learn
what each of the
five words means.
After reviewing the
word, its definition,
and the word used
in a sentence, the
teacher presents
activities detailed in
the curriculum.
Students answer
questions about the
words, participate in
hands-on activities,
and listen to stories
in which the words
are used in context.
The engaging
format promotes
active learning.
Open-ended
questions

encourage
discussion.
