

**Mounting Plates**

Mounting Plates for cameras and small, medium, and large switches and rectangular plates

Item	Description	Photo	Price
<b>IT-MK71</b> Small Switch Mounting Plate	A small circular mounting plate which attaches to any of our 5 <a href="#">Universal Switch Mountings</a> via a threaded "camera mount" stud and large plastic lock nut.		<b>\$15.00</b>
<b>IT-MK72</b> Medium Switch Mounting Plate	A triangular aluminum mounting plate which attaches to any of our 5 <a href="#">Universal Switch Mountings</a> via a threaded "camera mount" stud and large plastic lock nut. A <a href="#">Traxys Medium Adjustable Pressure Switch</a> can easily be fastened to the plate with the 3 machine screws and wing nuts provided. The 3 holes are drilled at 2.5" centers.		<b>\$15.00</b>
<b>IT-MK73</b> Large Switch Mounting Plate	A triangular aluminum mounting plate from AbleNet which attaches to any of our 5 <a href="#">Universal Switch Mountings</a> via a threaded "camera mount" stud and large plastic lock nut. The <a href="#">Traxsys Large Adjustable Pressure Switch</a> can easily be fastened to the plate with the 3 machine screws and nuts provided. The 3 holes are drilled at 5" centers.		<b>\$15.00</b>
<b>IT-MK74</b> Camera Mounting Plate	Attaches to any of our 5 <a href="#">Universal Switch Mountings</a> to provide a secure mounting for SLR type camera or standard studio lighting equipment.		<b>\$15.00</b>
<b>IT-MK75</b> Rectangular Mounting Plate	11" x 4.5", 280mm x 115mm		<b>\$15.00</b>
	A rectangular steel mounting plate which attaches to any of our 5 <a href="#">Universal Switch Mountings</a> via a threaded "camera mount" stud and knurled lock nut.		
	This plate is designed provide a plain steel surface to Velcro-mount a compact keyboard, an AlphaSmart or a standard PC keyboard. Although the plate is drilled to match the standard machine screw tappings in the <a href="#">Traxys Rollers</a> we would recommend the smaller 8" x 4.5" plate below for these units. 2 machine screws to fit the Roller tappings are included.		

## IT-MK76 Rectangular Mounting Plate

\$15.00

8" x 4.5", 205mm x 115mm

A rectangular steel mounting plate which attaches to any of our 5 [Universal Switch Mountings](#) via a threaded "camera mount" stud and knurled lock nut.

The plate is ideal for screw fixing to medium sized switches, such as the [Traxys Medium Adjustable Pressure Switch](#), or any of the [Traxys Roller](#) range. An AlphaSmart or compact keyboard could be Velcro-mounted on to the steel surface, but the larger 11" x 4.5" plate above would provide more support.

This plate is drilled to mount a [Traxys Medium Pressure Adjustable Switch](#) via the six nuts and bolts provided. These switches can also be fixed via the alternative set of threaded holes. The plate is also drilled to match the standard machine screw tapings in the [Traxys Rollers](#). 2 machine screws to fit these tapings are provided.

## IT-MK77 Rectangular Mounting Plate

\$15.00

7" x 3", 178mm x 76mm
